«YEYE»

*Friday, 17 August 2022, 4-6 pm, Performance: 4:30pm
at AiR Studio, Trakt A, 1st floor, to the left*

Yeye is a deep reckoning of a modern era that is entangled with colonial histories, mothers and the ocean. What are the temporalities of a racialized body, one that is marked by visible and invisible wounds? What can be healing? *Yeye* explores memory, traces and notions of a motherland, moving through different levels of video, text and performance.
